Faces Court Monday

SIGNAL GIVEN  
BY FLAGMAN  
UNHEEDED

SAN FRANCISCO, Feb. 23.—UP—Mrs. Edna Sharp, a 30-year-old housewife, today took upon herself the entire blame for the kidnapping and imprisonment of Doris Virginia Murphy.

When taken before Police Judge Sylvain Lazarine on charge of kidnapping and childstealing, bail on each charge was set at \$10,000 cash and \$20,000 bond. Her trial will start Wednesday.

The woman said that "mother love" had driven her to take little Doris from the playground and to keep her hidden until fear of the consequences of her act made her reveal the fate of the baby.

"Mother Love" Doubted

However, Dr. Otto G. Freyermuth, noted psychiatrist and neurologist, after talking with Mrs. Sharp, said he believed her act was motivated by other than a "mothe's instinct."

Charles Sharp, the young husband of the kidnapper, deceived in

SCOUT DRIVE  
TO CONTINUE

LOS ANGELES, Feb. 23.—UP—The condition of Charles Plunkett, father of Theodore Hugh Plunkett, who murdered E. L. Doheny Jr. a week ago and then committed suicide, was reported "still critical" tonight.

Grief over the double tragedy perpetrated by this son was being responsible for the paralytic stroke the elder Plunkett suffered last night.

Bus Driver Asks  
Jury Speed Trial

With "Invest in the Youth of Richmond" as their motto, members of the funds drive committee of the Richmond Boy Scouts reported last night that the campaign had indication of being the best and most successful ever conducted in this city.

Dr. A. B. Hinkley, chairman of the Scout drive committee reported that "everything is going all

Woman Named  
Marin Sheriff

PINEOLE, Feb. 23.—Glenn M. Hadley, 837 Sixteenth street, Oakland, driver of a Pickwick sage, is in prospect of being the first alleged speeder to stand a jury trial in many months. Hadley is scheduled to appear before Justice of the Peace W. P. Terry on March 5.

He was cited yesterday charged with driving a stage 50 miles an hour near Rodeo. Hadley claims the speedometer of the stage registered under 40 miles an hour but Traffic Officer M. L. Barber claims that once during a two mile pursuit he clocked the bus at 53 miles.

Chicago Massacre  
Witness Found

DETROIT, Mich., Feb. 23.—UP—Dr. Loyal Tacker, witness in the massacre of seven men in Chicago on St. Valentine's day, was found here today. The dentist, who has identified one of the killers as the man who visited him for treatment, said he has been drugged and was unconscious most of the night after being taken from Chicago in an automobile.

Woolworth Head  
Will Go To L. A.

William Quaintance, manager of Woolworth store here, has been transferred to Los Angeles where he will manage a chain store there. L. H. Seaback of Hayward has been named manager here.

**\$25 REWARD**

Will be paid by the City of Richmond for information leading to the arrest and conviction of any person wilfully destroying any street, traffic, warning or direction sign in the City of Richmond.

DAN COX, Chief of Police.

MEXICO CITY, Feb. 23.—(UPI)—Investigation of the killing of two American mining engineers by their bandit captors was begun by United States authorities today, as the Mexican government prepared for a new drive on rebels.

The American embassy telegraphed the American consul at San Luis Potosi, Dr. William Early, asking him to forward all available information regarding the slaying of C. C. Asthreape and J. M. Underwood, whose bodies were recovered near Chocolate and Cerro Huitlaco by Federal troops.

Simultaneously with the embassy's request, it was learned the Mexican war department planned its new drive especially against rebels in the states of Jalisco, Colima and Michoacan, two of which border on the state of Guanajuato, where the dead Americans worked.

The war department said it would reinforce troops already in those states by sending additional forces from the states of Chihuahua and Tabasco.

Asthrappe and Underwood disappeared from the Guanajuato mining and mines company Feb. 20, and immediately afterward ransom demands were received by the company. Federal authorities were informed and troops sent in pursuit.

It was believed here that the bandits killed the two Americans soon as they learned federal troops were pursuing them.

The bodies of the two men were taken to a hospital at Guanajuato. The men appeared to have been shot to death.

The injured man was Harry West, one of the proprietors of the shop. He was burned on the face and hands when he attempted to fight the blaze with a hand extinguisher before the fire department arrived.

Neighboring buildings were threatened by the blaze which was aided by a brisk wind. Owners of nearby houses played streams of water on the roofs and walls of their homes.

All fire apparatus west of Lake Merritt was summoned in an effort to halt the blaze. Special guards of police were sent to the scene to control the crowds attracted by the blaze.

It is believed that the fire started from a short circuit in a defective wiring system. Although the building was razed, valuable steel ovens on the main floor were not badly damaged. West announced that because of the nerve wracking uncertainty which the future Mrs. Lindbergh would have to suffer.

Mrs. Keating took the oath of office shortly after she was named. The job pays \$4500 a year.

Frank Sherman, under sheriff, and Alexander McCurdy, peace officer, also were applicants for the job.

Wire On Kite  
Causes \$1000  
Damage Here

The flying of a kite at Second street and Ohio avenue early yesterday afternoon caused damage from fire amounting to \$1000.

Attached to the end of the kite was a 255 volt power cable. Within a few minutes the cable had been burned through. The Ohio apartments were threatened by the live wire which burned a portion of a telephone pole. Although the fire department responded to an alarm the men were unable to do anything until the power had been shut off.

Police are searching for the owner of the kite. He is said to have had about 50 feet of fine wire attached to the kite. The fact that the remainder of the string was cord is believed to be the only thing that saved him from electrocution.

OAKLAND, Feb. 23.—One man was injured and damage estimated at \$10,000 resulted when the Robt. L. West and West wholesale bakers at Fifty ninth street and Canning streets was razed by fire this afternoon.

The injured man was Harry West, one of the proprietors of the shop. He was burned on the face and hands when he attempted to fight the blaze with a hand extinguisher before the fire department arrived.

Neighboring buildings were threatened by the blaze which was aided by a brisk wind. Owners of nearby houses played streams of water on the roofs and walls of their homes.

All fire apparatus west of Lake Merritt was summoned in an effort to halt the blaze. Special guards of police were sent to the scene to control the crowds attracted by the blaze.

It is believed that the fire started from a short circuit in a defective wiring system. Although the building was razed, valuable steel ovens on the main floor were not badly damaged. West announced

that because of the nerve wracking uncertainty which the future Mrs. Lindbergh would have to suffer.

Chilean Towns  
Hit By Tremors

SANTIAGO, Chile, Feb. 23.—UP—Inhabitants of the towns of Ovalle and Coquimbo were alarmed by strong earth tremors at 7:20 p. m. today. Reports received here said no damages were reported.

Coquimbo is a seacoast town about 255 miles north of Santiago. Ovalle is 65 miles inland. Both are in the department of Coquimbo.

Lindbergh In Texas  
On Inspection Trip

ABILENE, Tex., Feb. 23.—UP—Col. Charles A. Lindbergh returned his westward airport inspection flight here this afternoon after dropping down for a refueling.

The next stop of the colonel

was expected to be Midland, Tex., 200 miles to the southwest. He came here from Wichita, Kan., and Fort Sill, Okla., the two stopover points of his third day on the trip.

Two New Homes  
For El Cerrito

Building permits totaling in value \$10,000 were issued by Building Inspector H. E. Woods of El Cerrito yesterday.

Charles Keyser will build a \$5000 residence on Potrero avenue between Liberty and Lexington streets; R. Cooks will build a \$4000 home on Richmond street and Angelo Faro will build an addition to his market on San Pablo avenue at a cost of \$1000.

Fund Transfers

SAN FRANCISCO, Calif., Feb. 23.—UP—Guarded by 36 policemen \$300,000,000 in securities and valuables contained in 7000 safety deposit boxes were moved tonight from the old Crocker First National bank to the new building.

John F. Cunningham and D. J. Minaugh, joint managers of the new bank, were in charge of the work. It was said that it would take the entire night for the transfer.

Senate Refuses  
Hoover New Help

WASHINGTON, Feb. 23.—UP—Herbert Hoover's request for two additional secretaries to help him discharge his duties as president was rejected in the house today.

Representative Blanton, Democrat of Texas, raised the point of order that there was no executive authorization for two additional men at \$10,000 a year and the items were struck out.

President Coolidge, who has only one \$10,000 secretary made the appropriation request at Hoover's suggestion, it was understood.

## OUR NAVAL STRENGTH

Those noisy pacifists who just at present are directing their fire against the United States navy and are declaring that we do not need a navy as powerful as Great Britain's because there is no danger of our going to war with England anyhow, ought to find some information of real interest about some other navies in the address delivered the other day in the United States Senate the other day by Senator Tydings of Maryland. In supporting the bill to give Uncle Sam fifteen badly needed cruisers Senator Tydings said:

"In numbers of first line cruisers, the British empire has more than three times the number possessed by our country. Japan has nearly twice the number we have. France has approximately the same number as we, and Italy two more than the United States in this class of fighting ships."

"In tonnage, the British Empire exceeds that of the United States by more than two to one for first line cruisers, while Japan in tonnage for first line cruisers exceeds the United States in this respect by 50 percent. The navies of France and Italy in first line cruisers are almost equal in tonnage to that of the United States."

"Those who vote against the cruiser bill must say in effect that we are content to have the United States outranked by the British Empire, Japan and Italy either in the number of first line cruisers? If the American people realize this fact I believe they would desire the construction of the cruisers outlined in the pending bill."

So it appears that not only is our navy inferior to that of Great Britain in cruiser strength but that it has fallen behind France and Japan and will soon be passed by that of Italy unless the fifteen cruisers are built. So it is not therefore simply a question of a "race" for naval superiority with Great Britain, as the pacifists would have us believe.

As a matter of fact, real Americans will not concede that we ought to have a navy inferior to that of any nation on the globe. We have interests everywhere and a great foreign trade. We have billions in foreign investments and our people travel to every country on the globe. We are richer and more prosperous than any other nation. Is it not therefore sensible that we have a navy as good as the best?

Perhaps there is no danger of war with the English. But if England should go to war with some third nation we would find ourselves with our trade sadly interfered with just as it was at the beginning of the war of 1914. Then there might arise serious trouble between the United States and England. But if we have a navy equal to that of Great Britain there will be no interference with our trade and no danger of war. It will be seen therefore that a real and effective navy is a guarantee of peace rather than of war.

And no American will concede for a moment that we ought to have a navy inferior in cruiser strength to that of Japan, France and Italy. If we once get permanently into fifth place it will not be long until our navy becomes negligible compared with those of the other first class powers. What do the pacifists want to do—put us in a class with Africa and the Asiatic nations so far as naval strength is concerned? If they believe that the American people will fall for anything like that they are due for a rude awakening.

A New Jersey man who won a bride on the recent election has now disappeared. Evidently he was one of those who didn't think Herb would win.

Mr. Hoover will certainly prove that he is a real food administrator if he can find enough political pie to go around.

The trouble with the average pacifist seems to be that he trusts every other country more than his own.

## RICHMOND CLUB FILM PREVIEW HERE MONDAY

A pre-view of the moving picture "Restless South" will be presented tomorrow morning to members of the Richmond club and Parent-Teacher association at the Richmond theater. It will begin at 10 o'clock and will be shown under the auspices of the moving picture department of Contra Costa County Federation of Women's clubs.

A luncheon at the Hotel Carlton will follow the pre-view. Helen Yoos, Miss Agnes Keenan, and Mrs. Schuhle, president of Nelson Miles auxiliary, Mrs. Mary Bradley, department reporter from Los Angeles, were present.

The afternoon program of Richmond club will begin at two o'clock and will be devoted to a discussion of the film and plans for adopting better films for showing to juvenile audiences. E. J. Fischer, Eastman Kodak company representative, will give an illustrated lecture on home movies.

The reception committee for the afternoon will be headed by Mrs. S. B. Wilson.

## Wapo Men Group Enjoys Outing At Park Here

Rites of Camp Fire were practiced recently by the Wapo Men group of Camp Fire girls at its outing in Alvarado park. After the ceremony of lighting the fire, the girls made biscuits and roasted potatoes.

A miniature rock garden was planted at the foot of the tree recently planted by the girls. Larkspur was chosen as the Wapo Men flower and will be planted around the tree.

Those enjoying the outing were Helen Jackson, Janet Walker, Lorraine Storey, Eddie Coudyser, Viola Coudyser, Verne Fairbanks, Viola Jones, Barbara Fairbanks, Bertha and Thelma McQuisten, Lois Barry and Harriett Pedrotti, Miss Maude Wood, guardian, and Elkes Carpenter, assistant guardian, accompanied the girls.

## Hiking Party Held By Group

A holiday hiking trip in Marin was enjoyed recently by a group of local young people. They climbed to the top of Mt. Tamalpais where they enjoyed luncheon.

In the group were Lester Turley, Celia Andrews, Effie Seeger and Rose Spiersch.

## Visitors Attend Admiral Dewey Auxiliary Meet

The auxiliary of Point Loma Eagles enjoyed a most amusing social evening recently when members of the Richmond club and Parent-Teacher association at the Richmond theater. It will begin at 10 o'clock and will be shown under the auspices of the moving picture department of Contra Costa County Federation of Women's clubs.

Poulton opened the program. The members then sang several patriotic songs in memory of George Washington. A song and dance number was presented by Miss Helen Yoos, Miss Agnes Keenan,

department historian; Evey L. Leventhal, department chief of staff, and Mrs. Mae Schuhle, president of Nelson Miles auxiliary. Mrs. Mary Bradley, department reporter from Los Angeles, was present.

From Oakland were Mrs. Marie Chambers, president of Lisenau auxiliary; Mrs. Alma Perine, president of Entenza auxiliary and other members. Berkeley was represented by Mrs. Johnson, president of Susan Lincoln Mills auxiliary.

Edward Bouquet, Charles Horton and Charles D. Hays, members of the Golden Circle Bible class and their husbands were entertained with a delightful musical program recently at a Valentine party. Turner Braxton, violinist, and two of his pupils, John Hays and Adelle Thomas, presented the program.

The social time and program followed a Bible study session and a brief business meeting. During the business period the circle voted five dollars toward the church building fund.

Refreshments were served at a table attractively decorated with valentines and motifs typical of Washington's birthday. The refreshments were served under the direction of Mrs. Turner Braxton.

—\*

Other visitors from San Francisco were Mrs. Ethel Flack, department historian; Evey L. Leventhal, department chief of staff, and Mrs. Mae Schuhle, president of Nelson Miles auxiliary. Mrs. Mary Bradley, department reporter from Los Angeles, was present.

Other visitors from San Francisco were Mrs. Ethel Flack, department historian; Evey L. Leventhal, department chief of staff, and Mrs. Mae Schuhle, president of Nelson Miles auxiliary. Mrs. Mary Bradley, department reporter from Los Angeles, was present.

From Oakland were Mrs. Marie Chambers, president of Lisenau auxiliary; Mrs. Alma Perine, president of Entenza auxiliary and other members. Berkeley was represented by Mrs. Johnson, president of Susan Lincoln Mills auxiliary.

Edward Bouquet, Charles Horton and Charles D. Hays, members of the Golden Circle Bible class and their husbands were entertained with a delightful musical program recently at a Valentine party. Turner Braxton, violinist, and two of his pupils, John Hays and Adelle Thomas, presented the program.

The social time and program followed

## PONTIAC SIXES ESTABLISH RECORD

The "running start" by which Pontiac in 1928 established a world's record for the first year sales of any new make of automobile, has been surpassed during the succeeding two years by such a spectacular margin that 1928's low Pontiac advance to a leading position among all sixes, with a total year's output of 222,000 cars, according to J. P. Strom, Richmond Oakland-Pontiac dealer, continuing he said:

The initial acceptance of the Pontiac Six in 1928 exceeded even the most sanguine hopes of the Oakland executives who knew the capabilities of the car through three years of preliminary testing at the General Motors Proving Ground to which it has been submitted before being placed on the market.

"During that first year more than 76,000 new Pontiac Sixes were sold. And although that figure established a sales record for a new make of car, the Pontiac output in 1928 still remained substantially below the price of its nearest and long-established competitor.

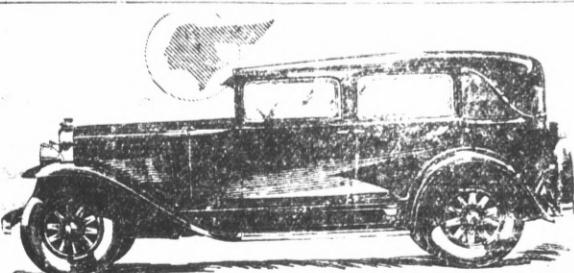

But early in 1927, the Pontiac Six, which previously had been manufactured in the plant of the Oakland Six, was transferred to its own group of model factories. The Pontiac plant had been forced to completion during the last part of 1926 when demand for the new car threatened to swamp the joint Oakland-Pontiac factory facilities.

" Endeavoring to catch up with unfilled orders, the company opened two assembly lines in the new Pontiac factory and prepared to install a third. As a result, total volume during 1927 bounded to a new height of 146,000. Manufacturing economies effected through larger production in the new plant permitted two price reductions during 1927 which were reflected in still greater demand.

### Check Timing Chain Often

When the timing chain jumps the result is a motor out of time and the usual overcarriage. To avoid the expense and inconvenience of this difficulty the chain should be adjusted, or at least checked every 1,000 miles.

The Landaulet Sedan - Body by Fisher

## You'll be proud to drive it-no matter where you go

Many fine things are being said of the New Pontiac Big Six. That is only natural. For it represents something entirely new in low-priced automobiles. It is a big car, in that it offers every desirable big car quality. And it's a car you can be proud to drive wherever you choose to go. The New Pontiac Big Six was designed for people who want to be proud of their automobiles. It has the style and beauty of a big car along with big car power and speed. That's why the New Pontiac Big Six is enjoying such favor among those forward looking buyers who want to step up the quality of their automobiles without any great drain on the purse.

Price \$1,100 and up, f.o.b. factory, plus delivery charges. Prices for front and rear fenders, guards, regular equipment and slight extra costs. Check Oakland-Pontiac dealers for delivered prices. They include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

### Closed Windows Dangerous To Auto Drivers

Until such time as all such regulations have been established by other motorist associations, we are passing no mandates, but do exhort the association of passenger car manufacturers to consider the increasing number of cases of death and serious injury to persons in motor vehicles, to issue a society and code of ethics issued by the National Automobile Club to its members.

Increased railroad crossings accidents in winter are ascribed to the increased number of passengers traveling with closed windows closed.

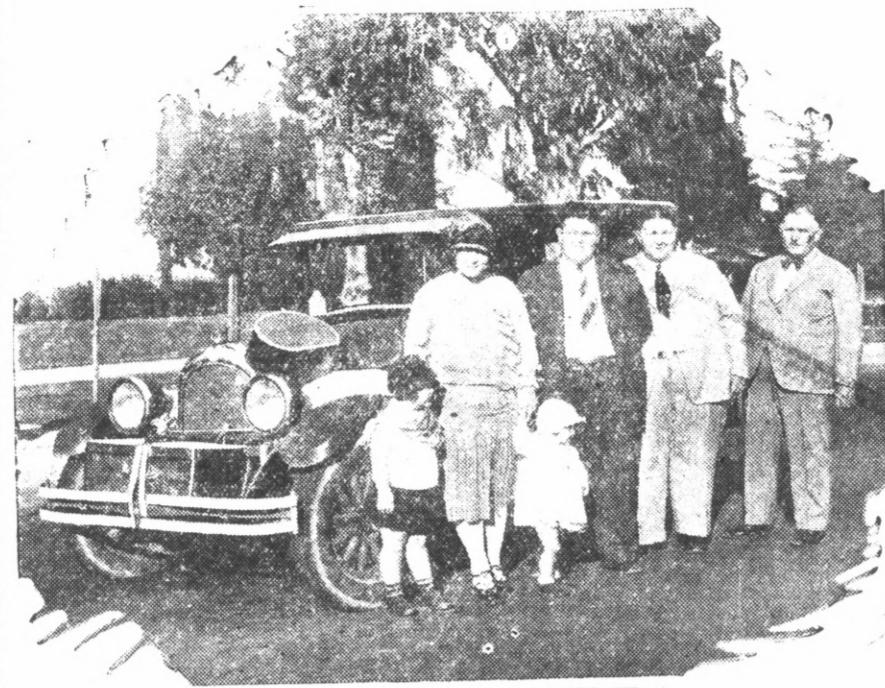

In their desire to keep the drivers of automobile drivers from the use of the automobile in winter, it is suggested that the members of the association of passenger car manufacturers do the following:

1. Make windows openable in the winter months.

2. Make windows openable in the winter months.

3. Make windows openable in the winter months.

## This Model Carries Weight

AND WHEN the family grows up—"We're just good, healthy corn-fed folks from Kansas," said Mrs. West after they had traveled from Topeka to Los Angeles in their Chrysler 701 two-door sedan. Including 450 pounds of luggage the motor car carried a load equal to only a little less than the weight capacity of a two-ton truck and the party didn't even suffer a flat tire.

### PLYMOUTH HAS EXCLUSIVE BRAKES

The Plymouth is the only car in the low price field that is equipped with independent front and rear brakes.

Because of their tendency to lock up, dust and water, their sensitivity and inherent equality of operation, they assure independent, or positive, brake control over all wheels under all weather conditions. Even in the car was found that when the front and rear wheels could find no entrance, it could be thrown on rapidly when such action was required, the City Engineers who designed the car said. The same engineers say that they stop a motor car more smoothly, surely and notes less frequently than any other type.

**Same As Big Car**

Plymouth's internal expanding hydraulic rear wheel brakes are of the same basic design as those City Engineers for its new inner and outer 1928 and 1929. They are the outcome of more than a year's tests to develop a brake which will give practically positive control. These engineers point out. They are equalized with specially mounted squeakless linings, operate upon high pressure of the foot and, of course, always have equalized pressure applied to them to obtain control. The lining on the rear shoe of each brake drum is shorter than on the front one.

An extension of the brake support over each drum in the form of a housing, excludes the dirt, dust and water. Longer brake shoe life and even fewer adjustments than before are also among the results.

**Better Brakes**

The Plymouth brakes also retain all the advantages of previous hydraulic four-wheel brakes the engineers say. Among those immediately apparent are that they are always in equilibrium in an accident, particularly where the use of intoxicating liquor is evident.

Speeding past blind intersections is also being actively prosecuted by the authorities.

### HIGHWAY POLICY OF GOVERNOR LAUDED

Start on your journey well equipped is the advice offered by the National Automobile Club.

Year's most valuable item of equipment will always be a good diet. Be a sport, not necessarily in the sense of spending money, but from the angle of taking what comes, as it comes. This trait more than any other will assure a pleasant journey. Just as long as the human element enters into the question of travel, mistakes will be made and disappointments encountered.

Indications point to legislative support of the policy of keeping California's highway system "out of politics" as enunciated by Governor C. C. Young and endorsed by the California State Automobile Association.

Responses received from senators and assemblymen, in a survey made by the motorists' organization, show strong support of the governor's recommendation that proposals to add new roads to the state highway system be submitted to the test of a careful study of traffic requirements and highway use in line with the broad general policy of long-time planning.

This recommendation was made by Gov. Young in his message to the legislature in which the governor deplored the measure of political expediency as a gauge of the need of extending the state highway system.

Additions to the system, the governor said, should be limited to traffic and not politics.

This stand is supported by the Automobile Association and H. J. Brumner, president of the big motorist organization which represents over 82,000 automobile owners in northern and central California and southern Oregon.

Brumner's stand is supported by the state legislature.

Should your car develop an unusual noise or squeak, investigate at once. Some part may be in need of lubrication or adjustment and to continue driving the car in this condition may necessitate expensive repairs.

To reduce the danger from flat tires, the Western Auto stores

### Drivers Should Start Trip With Good Equipment

Brakes should never be suddenly applied if a flat tire occurs when traveling at a high rate of speed, advises R. J. Kelley, local manager of the Western Auto Supply Company.

"High speed, balloon tires and four-wheel brakes combine to make flat tires extremely dangerous as the sudden drop of a wheel from four to seven inches and the heavy load drag of a flat balloon tire sometimes throws the car completely off the road," says Kelley.

"There is a natural tendency on the part of the drivers to quickly apply the brakes when a flat tire occurs as he attempts to stop before the tire is ruined.

Due to increased road traction, sudden application of the brakes apparently has the greatest effect on the wheel that carries the flat tire.

"Speedy application is especially dangerous when a front tire collapses as the steering mechanism cannot hold the car from following the low wheel and an upset in the often results.

"To reduce the danger from flat tires, the Western Auto stores

have been supplying automobile

owners of the west with Polson

super inner tubes. These tubes

eliminate flat tires to a marked

degree by self sealing ordinary

punctures instantly and permanently. This is accomplished by a

Received indicate widespread sup-

"In his message to the legisla-

ture, Gov. C. C. Young stated

that in his opinion, with but one

minor exception designed to cor-

rect a fault in the description, there

should be no additions to the sys-

tem.

In his letter to other civic

leaders calling attention to the

construction of a fault in the

highway system at this

time, the governor said:

"In addition to offering pro-

tection when traveling at a high

rate of speed, the Polson equi-

ment adds to the life of the tire

by reducing air seepage to a

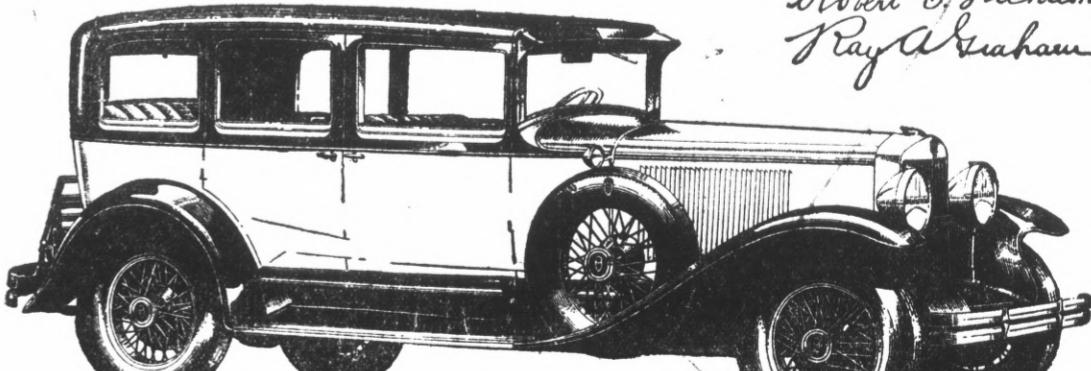

minimum."

## A New Record

for the Industry

Five chassis—sixes and eights—prices ranging from \$885 to \$2495. Car illustrated is Model 827, eight cylinder, five passenger Sedan, \$1925 (special equipment extra). All prices at factory.

Graham-Paiges sixes and eights—introduced one year ago—achieved the greatest first year sales volume of any line of cars in automobile history. In the new line of motor cars now on display, we believe you will find improved appearance, finer performance, and even more substantial value.

## MAKE OWN TEST CHALLENGE OF BUICK

"Get behind the wheel and get the facts."

Such is the concerted urge and admonition that for the past several weeks has been causing the national motoring public to pause and listen. It is the basic theme of one of the most ambitious sales and advertising programs yet undertaken by an American motor car manufacturer.

"It is at once an invitation and challenge from the Buick Motor Company," declared C. C. Kratzer, Richmond Buick dealer, yesterday. "It is Buick's invitation to the public to prove conclusively to itself the unapproached performing qualities of Buick cars and a challenge to the dangerous propagandist regaling the buyer with the assertion that mechanically all cars are the same."

"It cannot be denied that in many instances during recent months there has been exhibited on the part of some automobile salesmen a tendency to take advantage of the rapid growth of the so-called 'style consciousness' of the public to the end that details of mechanical construction will be overlooked by the prospective purchaser. All cars today perform satisfactorily and 'mechanical differences are unimportant' they will argue. It is to counteract such absurd claims as these and to awaken the public to the realities of the present situation that Buick has inaugurated its 'Get Behind the Wheel' movement."

### El Cerrito Pair Wed Last Night

Coming as a surprise to their many friends was the marriage of Miss Vera Lassus to Domenick Compagna, El Cerrito merchant at a social meeting of the El Cerrito volunteer fire department last night. The ceremony was performed by Police Judge J. F. Plank.

The couple was attended by Mr. and Mrs. John Brustazo, of Berkeley who acted as best man and maid of honor.

The two will make their home in El Cerrito. They are planning a honeymoon early this spring.

### Pittsburg Worker Killed By Truck

PITTSBURG, Feb. 23.—Dionicio Belasques, a steel worker, was found dead with a crushed chest beneath an overturned truck on the highway near here this morning by a passing motorist. He was 28 years of age and was unmarried.

## TRUCK LINE OF STUDEBAKER LEADING

Since its inception, three and one-half years ago, the Commercial Car Division of the Studebaker corporation has grown until today it is one of the three largest producers of buses in the United States, and by far the largest producer of funeral cars and ambulances. Delivery car sales have shown a steady increase since their introduction according to L. J. Thomas, local Studebaker-Erskine dealer.

The Studebaker commercial car line is unusually complete. It consists of the standard types of buses on the three straight eight bus chassis: the model "77" junior of 158 inch wheelbase, the model "88" special of 184 inch wheelbase and the model "99" heavy duty of 184 inch wheelbase. Delivery units are offered in one-half ton and one-ton cars of panel and screen type and in two-and-one-half, three and three-and-one-half ton chassis for fast commercial hauling. Two funeral cars, two ambulances, police patrols, and fire equipment complete the Studebaker commercial line.

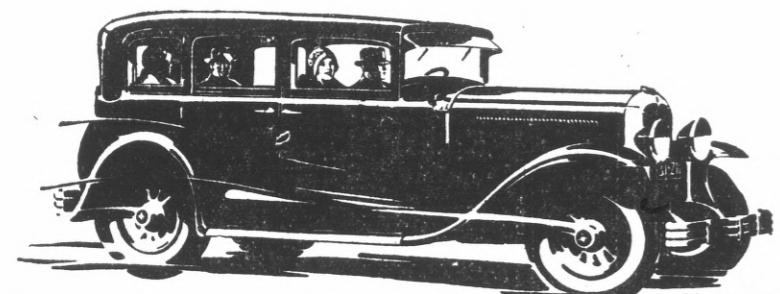

According to C. H. Wondries, manager of the Commercial Car Division, the outlook for 1929 is extremely favorable and promises to exceed all other years. One of the most popular members of the entire commercial line, Mr. Wondries said, is the one-ton panel delivery car which has had a most enthusiastic reception since its introduction a few months ago.

### Self Energizing Brakes Explained

All automobiles are not equipped with four wheel brakes and the fact that some are so equipped does not imply that the brakes are self energizing, according to Louis C. Shaw, general service manager of the National Automobile Club. Many motor car owners have only a vague understanding of the operation of this type of brake. The principle of the self energizing brake is merely that the shoes have a tendency to follow the drums when the brakes are applied, thereby diminishing the speed more readily.

Due to the action of the brake shoe's the motion of an automobile is intercepted more quickly.

## Americans Seek Protection As Chinese Fight

WASHINGTON, Feb. 23.— Fighting has begun at Changsha, China and private Americans have requested protection of an American gunboat, American Minister John Van A. MacMurray informed the state department today.

The commander of the American Yangtze river patrol has been advised of the Chinese situation he said.

Other sources reported severe fighting hundreds of miles north at Fuzhou, ten miles east of Chefoo in the province of Shantung. Many wounded were reported being brought into Chefoo where heavy cannonading could from the direction of Chefoo.

### New Air Company Formed In Texas

FILT, WIRTH, Tex., Feb. 23.—UP—Formation of one of the largest air transportation networks in the country, having Fort Worth as its hub and serving the entire southern United States, was announced here today.

The new company resulted from consolidation of the Texas Air Transport, the Gulf Air Lines and other southern air operators. The new company will be known as the Southern Air Transport Inc.

## 'Thanks For Ride'

AVAILING herself of the opportunity afforded by Buick dealers to "get behind the wheel and get the facts," this young lady seems to be having a good time in the 1929 Silver Anniversary Buick sport roadster during her test spin.

### 2 Near Death From Eating Poisoned Food

CHICAGO, Feb. 23.—UP—Phyllis worked feverishly tonight over the unconscious forms of two girl stenographers while chemists analyzed the contents of their stomachs to determine whether they had been poisoned by food contaminated by a faulty electric refrigerator.

That theory of their stran-

gued was advanced by Dr. John Fitzgerald of Wesley Memorial hospital, where Catherine Whaley, 21, and Lucille Cummings, 19,

were believed to be near death.

A third girl who was with them at their apartment last Wednesday night, Wilhelmina Heckel, 18, is recovering.

### Soccer Squad In Tie Contest Here

The Richmond soccer squad tied the Argonauts of San Francisco, recently at Nicholl field 2-2. Fowins and Jester scored for the local team.

The lineup for the local team included Showalter, goal; Fowins, left full; Bracco, right full; Miller, left half; Loms, center half; Baker, right half; Hood, outside left; Meyers, inside left; Jester, center; Fowins, inside right; Grace outside right.

### Keystone Group To Visit Hospital

A visit to the county hospital will be made today by members of the Keystone Christian Endeavor of the First Christian church. They will leave the church at 1:30 o'clock. Harry Williamson, president, will lead the group.

Tonight the society will meet at 6:15 for a pre-prayer service before the regular service at 6:30. W. J. Bray will be in charge of the program. Mrs. George Clarke has planned an evening of special music.

### Richmond Women To Hear Richardson

A number of Richmond women are planning to attend a luncheon at the Women's club of Martinez on Thursday at the Martinez club house. Former Governor Friend W. Richardson will be the speaker at the luncheon.

Richardson will tell of the conditions found in foreign countries during his recent trip around the world.

Reservations have to be made by telephoning Martinez 587-J.

## NAPOLEON DAYS REVIVED BY DOLORES

If you have read the story of Betsy Patterson of Baltimore who married the brother of Napoleon, you will want to see it on the screen. As "Glorious Betsy" starring Dolores Costello, it will be shown at the California theater on Tuesday and Wednesday.

Dolores Costello, who has already distinguished herself several times in costume roles, once more wins the admiration of the picture-going public with her talent and sincerity.

Playing opposite her is Conrad Nagel, who plays the part of Jerome, the brother of Napoleon, whose visit to America results in his meeting with Betsy and their marriage, and his subsequent difficulties with Napoleon who has set his heart on a marriage between Jerome and the Princess Fredericka of Wurttemberg.

How the conflict separates these famous lovers of history and then reunites them you will see in the Warner production, "Glorious Betsy" which Alan Crosland has directed. The story is an adaptation from the well-known stage play by Rita Johnson Young.

Other members of the cast are John Miljan, Matai MacDermott, Betty Plythe, Pasquale Amato, Michael Vayitch, Andre de Segura, Paul Panzer and Charissa Selwynne.

The picture is full of beautiful scenic effects and the gorgeous costumes that were in vogue during the time of Napoleon Bonaparte.

**Roar Of Lions Can Be Heard In New Picture**

Did you ever hear a lion roar? Unless you've been in a lion country, you probably never have. But you'll hear old Leo roar in an extremely realistic manner from the screen when the first Educational-Mack Sennett Talking comedy, "The Lion's Roar," plays at the California theater today and Monday.

Through the almost miraculous sound-reproducing devices recently adopted to pictures, Mack Sennett adopted a lion roaring and the audience hears the thundering growl of the huge beast.

It is a situation comedy with exceptionally clever lines and incidental sound effects and music.

**Ex-Western Star Has Talkie Role In Old Arizona**

Roy Stewart, former western star of the screen and a real veteran in pictures, with success dating back to Triangle days, is wearing a smile that simply will not come off.

All because he has qualified for and succeeded in Fox Movietone's debut in sound and dialogue pictures was in Ralph Lewis' production of "In Old Arizona," co-directed by Irving Cummings. Stewart played the role of the commandant a highly important role. The picture will come to the California Thursday.

"In Old Arizona" is from a story by Tom Harry, famous stage playwright, who also wrote the dialogue.

Warner Baxter, Edmund Lowe and Dorothy Burgess are featured with a notable cast which includes Farrell Macdonald, Ivan Linow, Joe Brown, Henry Armetta, Frank Campbell, Tom Santchi and James Marcus.

**Richmond Man Wins Clay Shoot**

Jack Becker, of Richmond, hit 50 clay birds in a row to capture the Class A trophy in the Golden Gate Gun club's registered shoot in San Francisco recently.

M. G. Moitoza tied for second place in the Class B event with 48 birds and Dr. C. J. Farthing of Richmond made 45 in the same event.

**Telephone Official Moves To New Office**

E. R. Gates, district plant superintendent of the Pacific Telephone and Telephone company yesterday moved his office from the Telephone Exchange building at Macdonald avenue and Twenty-first street to the fourth floor of the American Trust building at Tenet street and Macdonald avenue. The entire staff moved with him.

Charles Plough, assistant traffic superintendent, has occupied offices in the bank building for several months. The telephone company now has a suite of four rooms in the bank building in addition to other office facilities.

**READ IT FIRST IN THE RECORD HERALD**

## It's Adoration

ANTONIO MORENO and Billie Dove in a scene from "Adoration" which is appearing on the screen of the California theater today and tomorrow.

## Fazil Coming To Local House For 2 Day Run

GREAT NISSEN in "Fazil" which will open a two day run at the Richmond theater Monday.

## Varsity Cagers Take Measure Of San Rafael Five

(Continued on Page 8)

No closing date has been set for the drive because of the many pledges and sums that are being brought in at the drive headquarters, 715 Macdonald avenue, it was reported. The office force has been unable to keep an accurate check of the pledges and funds that are pouring in so rapidly.

Coy Lauds City

"Richmond is responding heartily to our appeal," Scout Executive Robert E. Cox said last night. "We are more than confident of reaching our desired goal."

"Members of the P. T. A., Business and Professional Women, the police and fire departments as well as fraternal and service clubs are aiding immeasurably. Women of the P. T. A. groups are soliciting homes in their districts and have reported good success."

"Industries are being solicited and funds are being turned in each day. Business houses along Macdonald avenue are aiding our efforts. Any amount, from a dollar up is cheerfully accepted by the solicitors."

**\$5600 Asked**

The Scouts are seeking \$5600 here. Of this amount \$1200 will be turned over to the county scout council and the remainder will be used for the work of the Scouts here. It will aid in the permanent camp site, construction of the overnight camp in Alvarado park; assist the Scoutleaders' training class and will pay the salaries of Scout executives.

The date for the closing of the drive has not been set. It is expected that it will close within a week, it was said last night.

**RAGS WANTED**

## Gorgeous Set For Miss Dove In 'Adoration'

One of the mos' gorgeous sets ever constructed for a motion picture was that in "Adoration," Billie Dove's new First National picture representing a famous Russian palace, ballroom and reception hall. With magnificent chandeliers, immense oil paintings on the walls, costly hangings and rugs, gold furniture and the like it is the last word in elegance.

Miss Dove plays a princess and her husband is portrayed by Antonio Moreno. Nicholasousin is the villain and Lucy Doraine is cast as a maid.

Frank Lloyd directed "Adoration" which was produced by Ned Marin, and is one of the most powerful emotional dramas of the season. Nicholas Bela, Emile Chautard, Winifred Bryson and Lillian Prival are also in the cast.

The first telephone exchange in the state of Minnesota was established at St. Paul on Feb. 14, 1879—just fifty years ago.

# ELK NINE WILL OPEN SEASON TODAY

The Richmond Elks' ball club will get under way this afternoon when it meets the El Cerrito Merchants at Zimmerman field, El Cerrito.

The local Bills have a large array of talent to pick from. A large number of the players were formerly with the Standard Oil Twilight League, some times the best and sometimes the worst bush-league in this section of California.

For pitchers, Manager George Shaw has Jiggs Wright, sometimes big timer; Roland Roberts, who almost chucked San Pablo to a pennant; Dutch Kogler of the old Mechanics and Hal Dimmock, once of the Refinery squad.

Jensen and Hansen, two Spaniards, will don the iron mask and receive 'em high and low.

Hansen was with the old Refinery squad and he catches 'em. Charlie Friene, Standard Oil leaguer will handle first base. Charlie handles 'em high, wide and handsome. Ted Carson of the All Standards will be a short stop while Patrick O'Rourke, "the flying Finn" will be on second. Johnny Huzefka, who leads in pitching, runs, skinning and third basing, will handle the third sack. Jawn was with the All Standard team. Recently he assisted in bringing the Howitzer company, 159th Infantry, National Guard, the baseball championship of the regiment.

Jack Snavely, an ex-Oiler, will be in the outer garden. Snavely packs a mean wallop with his club. Frank Banducci will be in center field. Red Johnson, also an ex-Oiler, will be in the outer field. Red is a boy who seeks them long and heavily.

Next Sunday the Bills will meet the San Pablo ball club in a benefit game for the Richmond Boy Scout fund drive.

## Girl Reserves, High Class To Present Plays

The Girl Reserves and the Stage Craft class of the Richmond Union high school will entertain March 1, at a variety show to be held in the school auditorium. The show will start promptly at 8 o'clock, it was announced.

Two plays and a series of dances are scheduled to be presented at that time.

Harry Tezzi will act as stage manager for the production and Aldo Nicoletti will be property manager.

The first play to be presented by the Stage Craft class is entitled "Drums of Jude" by Austin Strong. It is a story of a revolt in India.

The cast of characters of this play includes Captain McGregor Joe Williams; Lieutenant Hartley Robinson McKeon; Sergeant McLean; Fred Baker; the Rev. Mr. Roy Clark; servants Allen Pidge and Richmond Patterson; Mrs. Clayton, Donna Wilson, a private Edie Palmer.

"Ghosts" is the name of the second play. It was written by Booth Tarkington the famous American author. The cast of characters includes Helen Barbour; Roberta Jackson; Grace Lucas; Hazel Whalen; Dorothy Mickey; Edith Teese; Cheryl Campbell; Charlotte Woloff and Alene Crum.

Those participating in the dances and specialties are Phyllis Harson; Hilda Polly; Gladys Foster; Jeanie Davis; Lois Hutchinson; Evelyn Scott; Mary Lyons; Irene Randall; Emma Metz; Ruth Sample; Hermine Espinola; Edith Jakobson; Clara Luer and Christine DeGoris.

## Still Suspect Held For Trial

Declaring that Justice of the Peace Arthur Alstrom had no jurisdiction in the case as his court has been eliminated from existence by a recent appellate court decision, Thomas Johnson, attorney yesterday protested the decision of Judge Alstrom to hold Ernest Del Gobbo to the Superior court on a charge of operating a still. Judge Alstrom dictated that he had not been notified that his court is illegal and refused to postpone the hearing.

Silvia Rayvara was held to answer on the same charge. Bail was set at \$1000 in the case.

## Duff Sisters To Close Service At Church Today

The Duff Sisters' Gospel Trio, which has been conducting services at the Wesley Methodist church for the past two and a half weeks will close their Richmond engagement today.

A special closing service has

been planned. Besides the con-

gregational singing led by Miss

Evangelist Duff, there will be in-

strumental and vocal numbers by

the Trio, assisted by Walter Duff.

Mrs. Helen Duff Baugh will preach

on the subject "Our Last Day."

Continued from Page 1

to believing the daughter of Mr.

and Mrs. E. J. Murphy his wife's

child by a former marriage, has

been vindicated entirely.

John A. Williams, arrested on

suspicion of kidnaping the child,

has also been entirely cleared of

compliment in the case.

**Child Not Molested**

Four-year old Doris, who was

held by the woman for six days

was not molested, it was announced

today after a medical examination

had been given the child.

The woman kilahper confessed

cutting Doris' eyelashes and alter-

ing her eyebrows "so her mother

wouldn't know her," but de-

clared actually harming the child

When Mrs. Sharp and her hus-

band were brought up for arraign-

ment, the police department

through Sergeant Richard Tatum

declared

**Man Released**

We are virtually sure Sharp

had nothing whatever to do with

the kidnaping. We recommend that

he be released on his own recogni-

zance." This was done.

Neither of the Murphys' nor

little Doris, was in court to wit-

ness this incident in the sequel

to the greatest kidnaping case in

the history of San Francisco.

Little Doris failed to return

to her home the afternoon of

Friday the 15th. She had been sent

to play at a neighborhood

playground.

**Search Unveiled**

When her disappearance was re-

ported to police a search began

that has been unavailed in the

history of Pacific Coast criminol-

ogy, with the possible exception

of the Hickman-Parker case.

Hundreds of clues were un-

earthed, but all proved to be

worthless. The fate of Doris wa-

s not known until Sharp brought

her to the offices of the United

Press.

The Lesson-Sermon also in-

cludes the following passage from

the Christian Science textbook

"Science and Health with Key to

the Scriptures," by Mary Baker

Eddy. "God rests in action. In-

parting has not impoverished, can-

never impoverish, the divine Mind.

No exhaustion follows the action

of this Mind, according to the ap-

prehension of divine Science.

The highest and sweetest rest,

even from a human standpoint, is

in holy work" (p. 519).

**Woman Admits Guilt**

After hours of questioning, dur-

ing which she told many con-

tradictory stories, Mrs. Sharp fin-

ally broke down and admitted she

alone was responsible for the

kidnaping.

**Torture Intimated**

It told the distracted parents

that their child would never be

found. Subsequent notes told or

intimated of tortures the child

would be subjected to should po-

lice not be called off.

One note even said that, be-

cause of police intervention at a

certain hour "we will cut her

fingers off with a razor and by

one every hour until you stop

the cops."

**John Russell Funeral Held**

Final rites for John C. Russell

were held from the Will on and

Kratzer chapel yesterday morn-

ing with Rev. Milton Terry
